A good text book on the subject.By JupiterThere are better reviews than I can write for this book, available to a prospective buyer.The book has beautiful color plates and very helpful line drawings, illustrating the essence of the color plates. These aids added to the expert text make this book ideal for a wide range of people wishing to educate themselves in this art.7 of 8 people found the following review helpful. Great book! Used as text for college Ikebana Class.By r.e.d.@ix.netcom.comHas all the background and history needed for the understanding and study of Ikebana itself. This is the first choice of the instructor of a college level class in Ikebana. Enjoyable to read and understand. Sorry that it is out of print!

This lovely volume, a perfect gift for anyone wishing to learn this classic form of Japanese flower arranging, illustrates the beauty, the history, and the techniques of this age-old art.
