The best resource for needlepoint stitchesBy gsmFor a needle pointer interested in historic decorative stitches, this book is a treasure.1 of 1 people found the following review helpful. Took over 30 years to find this!By LaserLadyThis is a bible for anyone interested in needlepoint. I saw this book back in the '70's, but it was already out of print and impossible to find - but I kept the info in my wallet ever since - when I found this online, I was thrilled to finally get this added to my library!1 of 1 people found the following review helpful. My go-to bookBy Jane KwiecinskiIf I could only have a dozen books in my library (which has over 1,000 needlework books now), this would be one of them. This is the most awesome and beautifully diagramed book.
