History, illustrations, origins of stitches and pictures of stitches make this the ultimate needlepoint companion. This is the real Needlepoint Bible.11 of 11 people found the following review helpful. Best of the BestBy MargaritaThis is one of the finest books on needlepoint ever printed. The diagrams are so clear that even the rawest needlepoint novice can follow them, yet the plethora of stitches opens a whole new realm of possibilities even for the veteran stitcher. The photographs that are included in the book are fascinating examples of what needlework can be once an embroiderer decides to move on from kits and basket weave.0 of 0 people found the following review helpful. Classic referenceBy Laocoon143Some of the designs are dated now, but this book remains a classic for the needlepointer.

A PAGEANT OF PATTERN FOR NEEDLEPOINT CANVAS contains illustrations of 351 diagrams accompanied by photos of worked samples, over 150 photos of historical sources and worked samples, plus 25 full-color photos of in-process and completed works of needlepoint.
