A Matter of tasteBy BuyerAlthough the editorial quality and pictures are fine, only a handful of the works shown really appealed to me. Probably a matter of taste, and my own bias and hope for more mosaics applications of seaglass. Nice book, but no "wow" from me.0 of 0 people found the following review helpful. Some people's passion for sea glass goes beyond collectingthey use it to create something of beauty. Carole Lambert, author of Sea Glass Chronicles, gives us entree into the studios of those who do everything from gathering and amassing sea glass mulch for landscaping to designing stained-sea-glass windows. This volume will arouse a renewed sense of wonder in those who already possess a passion for sea glass and win legions of new sea-glass devotees.
