**That Patchwork Place : A to Z of Sewing: The Ultimate Guide for Beginning to Advanced Sewing** before purchasing it in order to gauge whether or not it would be worth my time, and all praised A to Z of Sewing: The Ultimate Guide for Beginning to Advanced Sewing:

1 of 1 people found the following review helpful. A to Z of Sewing: The Ultimate Guide for Beginning to Advanced Sewing By SkbI bought this for my daughter to use. She sews, but not extensively. I sew a lot, but I'm not a very good teacher so, I wanted something that she could learn from. She says it has some really good information in it for her to use. Lots of information. I have over 40 years sewing experience, but will use this as a refresher for certain stitches and such that I don't use very often. I haven't looked through it thoroughly yet. I've been in the process of moving. Not even sure where all my other books are right now..... If you are looking for a well explained and easy to understand sewing tutorial then buy this book. There are too many books out there that claim to be for beginners, but are poorly written. It's also a decent price, especially for what you get. 6 of 6 people found the following review helpful. Throw Out All of Your Other Sewing Books, and Keep This One! By Maretha Watkins This is the best sewing book I've ever had. I love making clothing for my grand daughters, and this book offers a fantastic chapter(s) on garment

construction. I'm also a quilter, and basic sewing techniques are also presented in a clear and concise manner that are easy enough for anyone new to sewing. 2 of 2 people found the following review helpful. Excellent resource for the beginner and the expert. By blondbikernurse I ordered this book to give me some guidance as I get back into recreational sewing. It is great. It covers a wide variety of topics including the basics of the machine, sewing supplies, fabrics, threads, how to alter patterns, how to add embellishments and many more. The book provides clear instructions and colored pictures of sewing techniques. I am very pleased with the book and highly recommend it for anyone's sewing library.

Whether you're a beginner or a seasoned sewer, this comprehensive book is a must. Filled with detailed instructions, A to Z of Sewing is an indispensable reference book for readers who wish to develop their skills and give each project a professional finish. Features a gold mine of more than 180 sewing techniques, all meticulously demonstrated. Includes clear step-by-step photographs and easy-to-follow instructions. Contains all you need to know about sewing machine basics, equipment and supplies, working with patterns and fabrics, and troubleshooting.

Sometimes we all come along a technique that we've never tried or have difficulty perfecting, like inserting piping, or terms we are not familiar with, such as "crossed tucks." Luckily, A to Z of Sewing: The Ultimate Guide for Beginning to Advanced Sewing has all the answers to those questions. Need to know about pockets? This book has easy-to-follow instructions for eight different styles. Not exactly sure what facing is? It's got your answer, as well as step-by-step photographs for attaching different kinds. This book is going to come in handy for me in the next few weeks, when I begin working on two bridesmaids dresses--my most high-fashion project to date. --From Haute Homemade, Deirdre Long, Entertainment Editor. This book is a must for clothing sewers. It's jam-packed with detailed information on 180 sewing techniques and filled with meticulous demonstrations, photographs, and instructions. If you are advanced or just starting out in clothes sewing, this book will hold your hand all the way through! --Stick Your Nose in a Book: Quilting Books by Jennifer Zoeterman
