There is a lot of detail to color but not a lot of gray scale to deal with. Many of the drawings are large enough for markers. These drawings struck me as being very soft and feminine, begging for pastels in many areas. At the end of the Kindle version is a print link that works as expected. 2 of 2 people found the following review helpful. this is my favorite book of all the coloring books i have orderedBy scootergirl1952this is my favorite book of all the coloring books i have ordered. the pictures are so pretty and so detailed without a lot of excess drawings in the background. the drawings are all full page. the paper is nice weight but i still put a protection page behind the picture i'm coloring. this book is great for the whole family so enjoy sharing some pages with others and get some great family time. 2 of 2 people found the following review

helpful. Well Done Originals...SHOW Us Designs BEFORE We Buy #850...By classicsGGmaNice to see a coloring book with original drawings for us to color...really like these angels. Very happy none are overly intricate and none are black-heavy. Had no problem downloading the PDF for coloring. When we buy coloring books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not Here On ??

Angels with Nature is an adult colouring book depicting enchanting angels interacting with some of nature's creatures. This book contains 24 hand drawn, single sided illustrations featuring both traditional and fairy-like angels. There are lots of opportunities to practice your technique colouring feminine, ladylike angels from their faces to their long flowing hair: These angels are featured with: butterflies, a horse, mayflies, a lamb, a tiger, an orca, flamingos, lions, cats, a mountain goat, a giraffe, a fox, rabbits, owls, woodpeckers, a koala bear, squirrels, fish, a stag, a frog, wolves, hummingbirds, dragonflies and a pair of doves. The angel faces lend themselves perfectly to the practice of mindfulness and relaxation. These illustrations are designed to challenge even the most experienced colourists, but there are some simpler illustrations for some light relief! Single sided designs printed on medium weight white paper - perfect for pastels or coloured pencils, this book would make a lovely gift. If you prefer to work directly inside the book using gel pens/markers, it is advisable to place a sheet of plain paper between the pages to prevent bleed through. Or, you are free to photocopy these designs on your favourite paper or card for your own use.

From the Back Cover Angels with Nature is a colouring book for adults, containing 24 illustrations depicting beautiful angels interacting with some of nature's creatures. About the Author I am an illustrator who loves intricate geometric patterns just as much as figurative art. Doodling and sketching is a favourite pastime and many ideas come from drawings I make on random bits of paper. I graduated from Wimbledon School of Art in London, starting out as a scenic artist at the Theatre Royal Windsor. I have worked in other theatres in the South East, moving onto film sets and even theming large premiere parties. Now I prefer the gentleness of illustrating to the noisy world of theatre and film (though I still love the smell of fresh sawdust).
