Vanessa Mooncie : Animal Heads: Trophy Heads to Crochet before purchasing it in order to gage whether or not it would be worth my time, and all praised Animal Heads: Trophy Heads to Crochet:

3 of 3 people found the following review helpful. Confusing instructionsBy CustomerThis is by far the most beautiful crochet book I've ever purchased. It's also wicked creative. Unfortunately, my pleasure in the book is outweighed by my frustration. I am a seasoned crocheter and I teach crochet classes as well and I have struggled with the directions. I purchased the book in advance but only this week sat down to crochet the stag head. I've now taken out whole sections of the project and started over. I went to yesterday to read reviews to see if I was the only one encountering difficulties and it seems I am not. I can adjust to the UK terms but there are other issues I find more troubling. The directions are confusing and the graphs are unclear at times as well. Certainly can't watch TV while I'm working on this. That said, I will be going back to it because I really do think it could be beautiful when I'm done (assuming I figure it out).4 of 4 people found the following review helpful. Excellent book. Very easy to follow directions and chartsBy Cynthia WeberExcellent book. Very easy to follow directions and charts. Only annoying thing is when you're starting a piece,

and it tells you to "go to (section) and follow for rows ____ ". Then you go there and it directs you to another section, then another section. Did this three times in one piece for the fox head, but really that's only a minor annoyance. Just a lot of page flipping. 0 of 0 people found the following review helpful. Not for beginners, but a cool book! By G Maria I bought this knowing that it probably wasn't for beginners (which I am), but I did anyway. The finished products I have seen from this book are super cool! However, as I suspected, this is way above my level right now. I wish there were some step-by-step pictures or other guidelines to help beginners, but the book assumes you have these skills. I am not the best at reading patterns. If you are a seasoned hooker, then this book would be a better fit. I hope once I get more practice I can attempt to use this book.

Crochet your own kinder, gentler animal trophy heads! Imagine a majestic ram head over your family room fireplace a playful mouse head decorating a child's room or even a cuddly bear head hanging in your basement. But here's the difference with these trophy pieces they're all homemade and crocheted! *Animal Heads*, a do-it-yourself crafting book, features an amazing collection of 10 fabulous trophy animal heads to crochet, including a hare, mouse, ram, bear, stag, and zebra. Designed for crocheters of all levels. Projects vary in complexity so beginners can start with the more simple patterns and work their way through the book as skills improve. A comprehensive techniques section teaches you all the necessary skills to complete the projects. Each beastie includes beautifully drawn crochet charts, gorgeous color photographs, and detailed, step-by-step instructions. *Animal Heads* offers you: 10 fanciful projects varying in complexity and appealing to a range of abilities 80 colorful photographs throughout the book Straightforward, easy-to-follow crochet patterns with 187 detailed charts and a comprehensive, illustrated techniques section Create conversation pieces for your home. This amazing collection of trophy animal heads to crochet will provide stunning additions to any room in your home. Imagine the surprise, too, when you present one of these to a friend as a gift.

About the Author Vanessa Mooncie spent many happy hours as a child sitting with her mother and grandmother learning to knit and crochet. She went on to study fashion and textile design and became a children's wear designer, illustrator and interior designer. Vanessa now specializes in silkscreen work (www.vanessamoonicie.com) and designing crochet jewelry through her company Kissy Suzuki (www.kissysuzuki.com). She lives with her family in a rural village in the south of England. Vanessa has written many successful books for GMC Publications, including *Animal Hats*, *Crocheted Wild Animals*, *Sew Adorable*, and *Sew to Bed and Crocheted Sea Creatures*. She is also a regular contributor to other craft books and magazines.
