**Cheri Leffler : Animal Parade 2: Charming Applique Quilts for Babies (That Patchwork Place)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Animal Parade 2: Charming Applique Quilts for Babies (That Patchwork Place):

Some are on the back of printed pages, making it impossible or impracticable to remove for copying. In addition, the patterns that are in the back of the book are printed on both sides. So, those can't be cut apart for scanning or copying. I have a Brother ScanNCut and was looking

forward to using it to make these quilts, but that's not going to happen due to the way the tracing patterns are laid out. The pages are too large to fold to send thru a scanner. I do not have a steady hand so tracing is out of the question for me. It would be ideal if they would include a DVD containing the patterns with the book, or even offer an option to purchase one. 3 of 3 people found the following review helpful. Wonderful book  
By Shirley I love this book, and I have chosen about half of the animals to make a baby quilt for my great-granddaughter. They turn out great. 0 of 0 people found the following review helpful. Charming  
By Quilting Kat Simply charming quilts. I haven't done much quilting lately, but this book really inspired me. I made the quilt on the cover. And I've started on the pig quilt. And I'm collecting fabrics for another one. Thanks Cheri!

Bring your quilts to life with animal appliques that frisk and frolic on backgrounds of vibrant patchwork. Quilters everywhere fell in love with the adorable patterns in Cheri Leffler's *Animal Parade*. Now she's back with even more delightful designs for the young--and young at heart. 10 charming baby quilts combine simple piecing with applique. Step-by-step instructions for needle-turn and fusible-web applique--full-sized patterns are included. Create lovable gifts featuring turtles, rabbits, pandas, elephants, raccoons, and more.

*Animal Parade 2 - Charming Applique Quilts for Babies* by Cheri Leffler has 10 adorable projects for children and, best of all for me, they all have gorgeous applique motifs. The birds on the cover add whimsy and cheer to the quilt, don't you think? Cheri Leffler is such a talented and creative designer, as well as a well-known quilting instructor. I was hooked on her designs for children after I saw her first *Animal Parade* book in 2014. Her second book is even more amazing. Cheri puts her magical spin on traditional blocks, combining them in unique and unexpected ways. Cuteness beyond pink and blue! The Pigs in a Blanket quilt is tempting me - it would look cool in other color combinations, too. She has a keen eye for mixing colors and textures, and the result is a collection of quilts sure to be treasured by little hands today and their children tomorrow! Cheri's applique shapes would look great on accessories, too, adorning pillows, wall hangings, baskets... If you are new to applique, *Animal Parade 2* provides detailed instructions for needle turn and fusible web applique, along with the embroidery stitches used on Cheri's projects. -- Denise Russell, *Pieced Brain* blog
