A lovely book for knitters to share with childrenBy knitsusanI gave this book to my granddaughter for her 5th birthday, along with knitting needles, a stuffed alpaca and some beautiful alpaca yarn. The book is written by a knitting designer/blogger whose work I admire. It's a charming story, with sweet illustrations and lots of inspiration and encouragement. I can't be with my granddaughter as often as I like, but we got a good start on a scarf for her mom and/or teacher, and the very clear knitting directions at the end of my book will help her mom to work with her.0 of 0 people found the following review helpful. Love this book!!By Kate TanisAbsolutely adorable book. My 5 year old granddaughter wanted to learn to knit with me and this book motivated her to do so. The story is cute and the rhyme to make knitting easier to understand is wonderful.5 of 5 people found the following review helpful. LOVED THIS BOOK FOR LEARNING TO KNITBy Linda WagenbachGot this book to help teach 2 granddaughters to knit - they are twins age 7. They loved the book and were immediately anxious to

learn to knit. There is a rhyme in the book for aiding new knitters and the rhyme worked for them. Within minutes they were able to do some knitting. Loved the book and recommend it highly.
