If you love kilim rugs, you will love this book!By JLMGives a great, detailed history about the origins of the rugs, and the origins of the designs within the rugs. It is fascinating to read about Anatolia as wel. Nestled between 3 continents, the cultures of Eastern Europe, Central Asia and the Middle East all influence each other, and created a unique culture of its own. As well as all of that fascinating info and history, the book also gives loads of beautiful examples.
