A+By Jerilea HendrickThis book has TONS of great patterns!There are tons of flower patterns all are original ideas, never seen before flowers. There are also several houses, household items like a telephone, apron, chair, there are several butterfly and a dragonfly patterns and lots more. Along with all of these patterns, the authors show you several ideas for turning the patterns into quilts. An idea that I thought was great was that the authors created a redwork quilt using their applique patterns! If you have a tricky time with math this book makes it easy to enlarge or shrink the patterns you want to create. Also included are terrific directions easy enough for beginners.This is an amazing collection of patterns by a couple of great women.0 of 0

For the Quilter's LibraryBy Richard J. VielbigMy wife wanted this book. I was personally surprised that the delivery took so long to reach us. I had ordered something else simultaneously and it arrived within two days of the date of the order. This book was within the projected time frame for delivery, but to me it seemed a long time.

50 classic Piece O' Cake blocks and 50 all-new designs, plus 8 quilt projects.

About the AuthorPiece O' Cake Designs is the creation of Becky Goldsmith and Linda Jenkins. Together, Becky and Linda have been designing fun, fanciful quilts since 1994.
