The GOOD: * Provides 12 high quality 12" x 12" pictures for each month of award winning quilts from various shows. * The top half of the calendar is a high quality picture and notes on the bottom of the page provide some details on the quilt such as the maker, and the show the award was made * The highly detailed glossy picture are of such good quality detail that the quilting patterns can easily be admired. * The major quilting shows around the country are identified on their calendar days such as the Paducah show in September * The last page of the calendar provides details on various AQS shows held around the U.S.
The BAD: * Not a thing or perhaps that there are only 12 months a year :) Conclusion: * A great functional calendar displaying the beautiful work of quilt artisans around the country.
