Peter King : Architectural Ceramics for the Studio Potter: Designing * Building * Installing (A Lark Ceramics Book) before purchasing it in order to gage whether or not it would be worth my time, and all praised Architectural Ceramics for the Studio Potter: Designing * Building * Installing (A Lark Ceramics Book):

From a respected teacher in his field comes the first and only how-to book on the subject. Sample projects in color: a

press-molded door surround, a carved-relief countertop, a dimensional fireplace, plus handbuilt and thrown sinks and pedestals. Well designed and visually stimulating. Peter King writes like a good teacher. Clay Times.
