Pepin van Roojen : Art Forms of Nature (Haeckel) (Giant Artists' Colouring Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Art Forms of Nature (Haeckel) (Giant Artists' Colouring Books):

3 of 3 people found the following review helpful. Advanced Artists ONLYBy jkempThis is different than I 1st thought. It is oversized. Instead of colored print and one to color is wrong. You get 2 prints to color , paint etc. Thick paper, very detailed, not grayscale like the other books. More color or paint by #s without the #s. You do have the 1x2 inch colored pic. So get out your magnifying glass. Very advanced and pics. cannot be left as is. This is not

supposed to be a bad review, just letting you know you have to be advanced.

This Colouring Books contain 24 sheets (2 x 12 designs) of superior-quality acid-free drawing paper in A3 size. The designs are precise representations of masterpieces of art and design very intricate and challenging and suitable for serious colourists and art students. Each design is included twice, so that you can either create variations or use one for testing and the other as the final artwork.
