**From Brand: Schiffer Publishing : Art Glass Today** before purchasing it in order to gage whether or not it would be worth my time, and all praised Art Glass Today:

4 of 4 people found the following review helpful. A great book!By Ms. Clean HouseAs one of the artists selected to be in this book, I thought it was beautifully designed and it even exceeded my expectations (which were high level to begin with). The cover illustrates that this is a serious sculpture book and it would a great resource for any collector, educational institution, artist, museum bookstore, etc.

Over 60 contemporary, international glass artists who transform molten glass into works of art. Learn about their blown, cast, kiln-formed, lampwork, cold work, fusing, laminating, carving, sand blasting, acid etching, and cutting techniques, shared in their own words. See installation pieces, tableware, vases, bottles and stoppers, bowls, sculptures, furniture (including countertops and basins), paperweights, beads, and diptychs. All who enjoy and work in glass will find this an invaluable reference and inspiration to future creativity.

About the AuthorJeffrey B. Snyder has written and edited many art-related books. He and his family live in southeastern Pennsylvania.
