(author) David Hawkins : Art Metalforging (Hardback) - Common before purchasing it in order to gage whether or not it would be worth my time, and all praised Art Metalforging (Hardback) - Common:

Metalforging has undergone a dramatic transformation in the last 25 years from a largely rural and unself-conscious tradition to an innovative and exciting international movement. In this book the author looks at all the innovative and cutting edge work that is currently being done in this field.
