**Alan Gear : Art Nouveau Glass Painting** before purchasing it in order to gage whether or not it would be worth my time, and all praised Art Nouveau Glass Painting:

11 of 11 people found the following review helpful. A highly recommended do-it-yourself hobby guideBy Midwest Book ReviewGlass painting experts Alan Gear and Barry Freestone effectively collaborate in Art Nouveau Glass Painting to offer aspiring glass painters twenty superbly presented, step-by-step projects in glass-painting that are vividly attractive yet simple to finish. Full color photographs combine with detailed instructions for crafting a mosaic-effect mirror, a frosted thistle vase, and iridescent lily card, and more, comprise this fun, specialized, hands-on arts craft and highly recommended do-it-yourself hobby guide.

Recreate the unmistakable style of Art Nouveau with 20 stunning glass painting projects inspired by celebrated artists of the Arts Crafts and Art Nouveau period. These fabulous projects, for personal use, decorative display or to give as

gifts, draw on the work of key artists of the period 1890 to 1930, including William Morris, Charles Rennie Mackintosh, William De Morgan, Klimt, Louis Comfort Tiffany, Walter Crane, Charles Annesley Voyse and Clarice Cliff. All the basic tools and materials to complete the projects are explained in detail, while the basic techniques are comprehensively covered, demonstrated through illustrated, step-by-step instructions. Each project is detailed using step-by-step instructions and photography with a styled picture of the finished piece providing inspiration and further guidance. An extensive motif library provides templates for the designs, ideal for the beginner, and more experienced glass painters will love the challenge of the more complicated designs. Hints and tips are even given for adapting the motifs to suit any project.

About the Author Alan Gear and Barry Freestone are recognised as expert glass painters worldwide. Alan and Barry are also the founders and owners of Rainbow Glass, for which they have developed many innovative and exciting products. This is Alan and Barry's fifth book, but their first for DC. They are based in Manchester.
