As a huge fan of the show I couldn't wait to receive this. Now I wish I didn't. The drawings aren't all that great, and a lot of the images are used over and over again just in different sizes or styles to create a "new" coloring page. Lots of seashells over and over, pieces of fruit over and over, fruity drinks over and over, and don't even get me started on the cheesecake. How many cheesecake pictures do you really need? I get it was a central part of the show, but seriously, one is enough. Don't waste your money or wait until the price goes way way waaaaaaay down.45 of 45 people found the following review helpful. Only 34 of 100 pages are of Golden GirlsBy Abby NormalBiggest fan ever, but only 34 of 100 pages are of the girls. Lots of fillers of seashells, bottles of nail polish, plants. Kinda a bummer.25 of 25 people found the following review helpful. Cool but too many repeated picturesBy CustomerI am a huge Golden Girls fan and was super excited for this. I got it today and was pretty disappointed. There are only a handful of pictures and they repeat them. I was expecting a different picture for each page. Not that many pictures of the ladies either. Random seashells and perfume bottles. Nice effort but could have been better.

Relax, and let the creativity flow through you. Whether you are a skilled artist or a casual doodler, you will enjoy these stunning pen-and-ink illustrations of memorable characters and scenes of the long-running hit television show, The Golden Girls.
