Perfect fun for Attack on Titan fans!!By AndiBThis is a very cool coloring book, the pages are thick, the images are crisp, and appear to be from both the manga and anime. I bought this as a gift and they really loved it. The scenes included in this book are action packed, funny, and focus on some of the characters. All I can say is that it seems very fun to color in and recommend to any fans.2 of 2 people found the following review helpful.
