I was very excited to find another copy as it is now out of print. The mother and guests went wild for items I made. Several have asked me to keep them in mind when they need baby gifts. I hope you all found this helpful and if you try to buy the book look under "31 baby shower thread gifts". You might have to try mixing the words. Good Luck, I am sure you will enjoy.0 of 1 people found the following review helpful. Great bookBy R. Boothel love this book. It has dainty little thread crochet items for babies. It is not too difficult if you have crocheted some. I love the booties and bonnets that are in it.
