A Feast for the Eyes and NeedleBy Nancy in CaliforniaThis is every quilter's dream book! Rita Verroca is truly an artist. Not only is she

creative with her vision, but with her incredible inking style Rita brings her Baltimore Album of Roses to life. Having the paper pattern included is a bonus. Plus, I like how she has broken down her patterns into smaller projects-just right to add to a "one-block wonder" . While I think this book is more for the seasoned hand-sewing hand quilter, I believe that a confident beginner could attempt one of the single small rose patterns, and following Rita's directions produce a lovely block. And, yes I have taken a class from Rita so I can attest to her honesty and true passion for Baltimore Albums. This book's layout, along with the photography are just lovely. The close-ups really let you appreciate Rita's hand quilting. It's amazing to realize that every stitch was by Rita's hand-and you wouldn't want it any other way.1 of 1 people found the following review helpful.
