Laura Jacobs : Barbie: Four Decades in Fashion (Tiny Folio) before purchasing it in order to gage whether or not it would be worth my time, and all praised Barbie: Four Decades in Fashion (Tiny Folio):

15 of 16 people found the following review helpful. Lots of wonderful Discriptions and Pics, but no NamesBy A CustomerThis is a great book...it shows lots of great pictures of the fashions of Barbie from 1959 to 1998, however the name of the dolls were not included, just a short discription of the fashion. This was kind of disappointing, but if you are not interested in the identity of the dolls, then this book is a perfect pictorial of Barbie's world of fashion.

Barbie is the world's best-loved doll; two Barbie dolls are sold every second (more than 700 million since 1959). This update of Abbeville's most popular Tiny Folio (over 100,000 in print around the world) is a handy pocket guide to Barbie, from her start in 1959 through the latest fashions of the 1990s. With more than 250 color illustrations spanning 40 years, this small book is as much a visual history of American fashion as it is a history of Barbie herself.Forever relevant, forever beautiful, forever successful, forever Barbie.
