No other book explained it as well, so I completely understand what to do and why. Thanks!0 of 0 people found the following review helpful. Loved this bookBy K. BenjaminLoved this book. This is a great book if you want to figure out how much fabric you need to make a bargello quilt.

Bargello Tapestry is originally a needlepoint term. Translated into the world of quilting, it produces breathtaking waves of rhythm and motion within a soothing fabric field. Marilyn Doheny is the inventor of this technique for the quilting world; she is also the author of Bargello Tapestry Quilts - often referred to as The Bible on Bargello!
