From Stackpole Books : Basic Mosaics: All the Skills and Tools You Need to Get Started (How To Basics)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Basic Mosaics: All the Skills and Tools You Need to Get Started (How To Basics):

6 of 6 people found the following review helpful. great for teaching how to use mosaic toolsBy S. T. MorrisMany mosaics books skimp on the part about using tools for cutting stone, glass, etc. This one goes more in depth, with good pictures. Good for beginners and intermediates.4 of 4 people found the following review helpful. Great for beginners!By Mel W.This a great beginner book for someone starting out with mosaics. Very detailed with what tools, products, patterns, etc. are good for the beginner. Would recommend highly!1 of 1 people found the following review helpful. Five StarsBy milktoastEasy to follow techniques

Make mosaic frames, decorative panels, tabletops, shelves, switch plates, pavers, bird houses, and more. A creative way to remake and reuse household items. Includes a gallery of colorful finished pieces and details on 20 different projects. Mosaics made with ceramic tile, stained glass, or any number of found objects are a stylish and popular way to add a decorative flair to your home. This detailed guide for beginners presents hundreds of step-by-step photos that show exactly how to make your own mosaics. Included are instructions for planning a design, cutting and affixing tiles, mixing and applying grout, and finishing your creation. It covers both the direct and indirect methods.
