would of been so helpful and I wouldn't of gone thru so much error and wasted so much product.0 of 0 people found the following review helpful. Good recipes from author, WAY too much propoganda from a affiliates.By AnnaThe 32 bath bomb recipes are good, I liked them. But that consisted of about 42 pages out of over 7,000 pages! No lie! The rest of the book was Affiliate program info, and other books. There was even a book on horseback riding included. So... my point is this, they should tell you that when you buy this. I'm not saying the other books and propoganda isn't good or is bad, I simply don't know, I don't have time to wade through over 7.000 pages to find out. I just wanted the book on Bath Bombs. Why all the propoganda ? Geesh.0 of 0 people found the following review helpful. Love it.By TAWI love bath bombs and this book has lots of recipes (32). The author also goes into ingredients, step by step directions etc. It's a good book for anyone new to bathbombs or someone looking for different recipes.
