Daniel Wallace : Batman the World of the Dark Knight before purchasing it in order to gage whether or not it would be worth my time, and all praised Batman the World of the Dark Knight:

0 of 0 people found the following review helpful. Another DK Hit - Great Images and solid information. Book has a solid build is a great Batman Reference resource.By J MichmerhuizenI love these DK books as they come at comics like a adamantium, gamma-charged, serum injected, USA today designer! They manage to cram everything in there and it actually looks good and has flow. They always use great art from all eras which is nice way to compare contrast how the art, story and moods have changed over the title's age. Lots of great information artwork and its set up so you can jump around effortlessly to whatever suits your flavor. The inside colors of the book are bright, but yet the cover/binding images are dark red black so it gives off a very brooding vibe when you first get your hands on (black page edges was a great choice!).At that point, I knew this was going to be a great book with a permanent spot on my bookshelf.1 of 1 people found the following review helpful. If you are a Hardcore Batman fans, ignore it.By RyanIt is more like a children fans book. Maybe it is a good introduction for children, but not for a reader who is elder than 10 years old.0 of 0 people found the following review helpful. Five StarsBy CustomerWell received

DC's "Dark Knight" emerges from the shadows in this ultimate guide. "Batman The World of the Dark Knight" reveals every twist and turn in the caped crusader's story. This ultimate guide traces Batman's entire career, with full details of his incredible adventures and battles, his allies and enemies. It's packed with information on how the "DC Comics" character developed through the decades, with a detailed timeline of key events in the life of Bruce Wayne a.k.a. Batman. "Batman The World of the Dark Knight" includes full-colour comic book artwork. This is an essential collectible for fans of Batman and "DC Comics".
