I wish they'd had something like this when I was little to put some humor and fun back into the monster realm! Can't wait to get one of these for all of the little kiddos in my life! (And some of the grown ups, too!) Kudos to the author, Matt Wayne, for such an original and enjoyable piece! Love that they're one picture per page for easy display. Can't wait to see what's next from this artist. 0 of 0 people found the following review helpful. The best part about the Book O Monsters coloring book By T Giroux The best part about the Book O Monsters coloring book, well beyond the awesome illustrations, is that we can have fun with so many different mediums. Since the pages are thick and one sided we can use paints, crayons, watercolors, markers, oil pastels.... the options are endless! My little boy loved it so much, that we "read" it as his bedtime story last night...counting heads, wings and fangs! 0 of 0 people found the following review
