Beth Bulluss : Beaded Lampshades before purchasing it in order to gage whether or not it would be worth my time, and all praised Beaded Lampshades:

The photographs are just gorgeous and the text is helpful. The only thing it didn't help with was how to do the math to figure out your pattern and string length. I had to struggle with that. But this is the most helpful resource I could find for doing this type of project. I highly recommend it. 0 of 0 people found the following review helpful. Beautiful Book! By Margaret D Baggen Great book that has inspired me to pull out my antique lampshades and beads! 0 of 0 people found the following review helpful. Five Stars By Sharon Huddleston Great Book. Loved
