From Brand: Kalmbach Books : Beaded Ornaments for the Holidays and Beyond before purchasing it in order to gage whether or not it would be worth my time, and all praised Beaded Ornaments for the Holidays and Beyond:

9 of 9 people found the following review helpful. A Basic "Must Have"By D. LloydI was really pleased with the quality of this book in it's entirety . Clear instructions , beautiful pictures and a nice variety of projects make it a must have for seasonal crafting . There are patterns for both wire and threaded ornaments with a range of complexity from simple stringing to peyote stitch and even one for a larger tubular peyote stitch.The christmas tree ornament patterns include the basic victorian netting plus a variation , a 'ruffled' cover, a swag covering , and even one design that dangles inside a clear ornament ball .1 of 1 people found the following review helpful. Very nice!By WickedI really like the instructions in this book. I have already made three of the netted ornament. I used size 11 seed beads as I could not find size 10. I made it with pearls and plan to give them as gifts. I did one with gold seed beads and crystals (size 4mm)and it came out very nice. Also did one with pearls and a red ball. This pattern is very fast to make. The book is

worth it! Instructions are very clear. 1 of 1 people found the following review helpful. Nice assortment
By Molly D Hansen
If you have kept previous Bead and Button magazines, most of these patterns will be ones you have already seen. That being said, it's still nice to have many of them all in the same place, and it makes a handy "go to" reference when you're getting ready to start beading Christmas Ornaments.

It's not surprising that beading has become one of the most popular crafts today; it's both inexpensive and produces decorative objects that are beautiful and enduring. For the novice or experienced beader looking for new holiday ideas, this book offers a wealth of possibilities. Drawn primarily from the pages of two of the leading magazines in the field, *Beaded Ornaments for the Holidays* and *Beyond* contains vibrant color photographs and easy instructions for making beaded ornament projects from the simple strung variety to more complex Victorian netting-style pieces. Ornamental covers, snowflake-shaped ornaments, and ornament hangers are all featured here. Most of these projects focus on pieces that can be used on a tree, wreath, or doorknob, yet with a change of color and materials any can be used year-round to decorate the home.

About the Author
Artisans, contributors, and staff editors of *BeadStyle* and *BeadButton* magazines create easy, fast, and stylish projects.
