Jeannette Cook : Beading with Peyote Stitch (Beadwork How-To) before purchasing it in order to gage whether or not it would be worth my time, and all praised Beading with Peyote Stitch (Beadwork How-To):

Here is everything the beader needs to know about using peyote stitch to create both flat and three-dimensional pieces. Thread, beads, graphing techniques, and five projects are thoroughly explained, and a brief history, with photographs, describes the differences between today's stitch and the Native American original. The highlight of the book is a full-color photo gallery of peyote-stitched beadwork by the authors and 20 other nationally known artists, sure to inspire both the beginning and the veteran beadworker.
