Carolyn Schulz : Beads and Wire before purchasing it in order to gage whether or not it would be worth my time, and all praised Beads and Wire:

1 of 3 people found the following review helpful. Not a good findBy CustomerThis book is next to worthless. The designs are for an extreme beginner. I suggest you look else where.

Each project is accompanied by clear step-by-step photographs and a selection of stunning designs are included to inspire readers to create their own decorative objects, three dimensional decorations and ornamental pieces. This book offers a rich source of practical advice and inspiration - and all the information you need to get started.

About the AuthorCarolyn Schulz is a former editor of Popular Crafts magazine and the author of Creating Family

Memories and Decorating for Christmas. She is also a board member of the Association of Creative Crafts and Art.
