Michele Barrow-Bélisle : Beautiful Babies 2: Advanced Techniques in Reborn Doll Making before purchasing it in order to gauge whether or not it would be worth my time, and all praised Beautiful Babies 2: Advanced Techniques in Reborn Doll Making:

4 of 4 people found the following review helpful. Very disappointing!!!By Vicky BennettThe cover was nice, but the insides of the book was very disappointing. Expected color pages like the first book, but received black and white copied pages. Does nothing to help me with colors when painting my babies, as I hoped it would. Color wheel, etc., are useless when in black and white! A color replacement (at no additional charge)would be nice!I see this sale as false advertising. All the pics show color pages. When I paid over \$30 for the book, I expected quality - this definitely is not!!! Beautiful Babies 2: Advanced Techniques in Reborn Doll Making4 of 4 people found the following review helpful. For 30 dollars you would think you could get some pictures in color!By MORTIMERVery disappointed! The

first page is all about skin tones and she actually shows different shadings of skin like a color wheel to represent the different coloring of different races of people and they can't even put that in color for you. The whole book is in black and white. I had no idea. What a waste of time and money. And this book is not cheap. Thirty dollars! Why can't someone write a book on this art that is in color, a good one with good techniques? Hello, obviously there is a market for a book of this nature. I am so sad! 1 of 1 people found the following review helpful. 0 stars By Terry Paine Unacceptable to charge \$38 for black and white photocopy. If I could give 0 stars I would.

Now that you know the basics in the art of Reborn Doll Making, apply some extra special artist's secrets to really bring your baby doll to life! Learn advanced paint and detailing techniques, as well as how to work with silicone vinyl and soft vinyl doll
