Love this adult coloring bookBy Love 2 Read NovelsColoring is relaxing but I've just discovered 'adult' coloring books. This book has beautiful pictures with lovely verses that just make you want to bring them to life with color. I like too that the picture is only on one side of the page all the way through to the book so you don't have to worry about color coming through to another picture. Would definitely recommend it.89 of 90 people found the following review helpful.
