Five stars for as many "themes" of a princess they could fit. Five stars for medium detail that's fits interested ages appropriately. (4-8 or so)Five stars for being on white paper!Only issue: (personal preference) I wish the ink was lighter in color and thunder lined.There are also princesses for every season and holiday. Plus more I didn't post pictures of. Daughter (5) loves this book!5 of 5 people found the following review helpful. Let's hear it for well-rounded princesses that aren't from disney!By a's pen nameMy daughter loves princesses. I'm sick of voluptuous disney princesses that have the main function of falling in love. Falling in love is good, but isn't really what a preschooler needs to be thinking about.This coloring books has pretty princesses dressed in a variety of clothing for a variety of activities. How do you know they are princesses? By their crowns, of course! My daughter loves coloring these. The paper is sturdy. This is her favorite coloring book. I agree that this and the other princess

coloring book I purchased by the same author are the "best ever." 0 of 0 people found the following review helpful.
