Often it's difficult to find "vintage" knitting books or patterns, so I was thrilled to find this book available on for only a penny plus shipping! Browsing through it, several other patterns caught my eye. I'm not a quilter (yet), but if I ever do decide to quilt, there are several beautiful patterns in here to make. In addition, there are many options for the knitter or crocheter. Nice little book. 0 of 0 people found the following review helpful. perfect By Essie As described, perfect condition

A wonderful collection of quilts and afghans for the Christmas season or for gifts! Sections include: Christmas Trees, Child's Fantasy Projects, Star Dazzlers, Poinsettias and Festive Gifts. Projects include a materials list, instructions, patterns, templates, and a full-color photo of the completed project. Lots of beautiful projects! 80 pages.
