From Better Homes Gardens Books : Better Homes and Gardens Hearts Flowers Cross-Stitch before purchasing it in order to gage whether or not it would be worth my time, and all praised Better Homes and Gardens Hearts Flowers Cross-Stitch:

1 of 1 people found the following review helpful. A wonderful book!By maijasuomaThis book has many wonderful patterns i want to make! It arrived in beautiful condition and was a wonderful price for a great book. The Pattern I was originally seeking was not in the book but it is such a worthy addition to my collection.2 of 2 people found the following review helpful. Slightly disappointing...By PianoLanesI'm a fairly new cross-stitcher, and while I like to be creative in altering some patterns and colors to fit my own personal taste, there are times I want to follow a very structured pattern.This book, while providing alternate measurements for different sized motifs, actually has very few explicit instructions as to what colors were used. The bigger pieces seem to have all instructions and very well graphed charts, but I was very disappointed to find that many of the smaller patterns I wanted to use did not list the colors in any way on the charts. I found it rather tiresome to try to match my various thread colors to the picture in the book, rather than simply being told x = DMC 319, etc.If you're very adventurous and don't mind using your imagination in trying to come up with the correct shading and colors, then this book is for you. Otherwise there are many other books I would recommend instead.

Presents step-by-step directions, easy-to-follow color charts, and photographs for more than fifty beautiful cross-stitch

projects for needleworkers of various skill levels. Original. 40,000 first printing.
