Better Homes and Gardens : Better Homes and Gardens Old-Fashioned Dolls and Toys before purchasing it in order to gage whether or not it would be worth my time, and all praised Better Homes and Gardens Old-Fashioned Dolls and Toys:

4 of 4 people found the following review helpful. Not toys for kidsBy Becky Z.I bought it for the cover doll. Most of the projects are not toys, they are for display (the kind your fussy old aunt would barely let you touch when you visited as a kid). I really hate the ones with super skinny long limbs. They have cute clothes that could be used and adapted to more attractive dolls.9 of 9 people found the following review helpful. Good book with lots of patternsBy Sherry Senf-McGinnI want to try my hand at doll making because my daughter wants a Jane and the Dragon doll. Since they don't sell one - I need to make it. Since, I have never made a doll this is a bit of a challenge. This book offered a variety of dolls and bears. One of the patterns should work great. The instructions got a little vague at times but I was able to figure out what they wanted done due to my basic sewing classes. Someone who has no sewing experience may find some of the patterns difficult to understand.0 of 0 people found the following review helpful. Very pleased with condition of book!By Mary WThis book was in very good condition. I haven't made anything yet, but was pleased with the pictures and directions. The patterns are full size, which is a plus.

A collection of 32 doll and 19 toy patterns that capture the nostalgia for old-fashioned playthings, this comprehensively detailed book includes techniques, numbered instructions, and full-sized patterns for every project.

Full color.
