Rudolf Pressler : Biedermeier Furniture before purchasing it in order to gage whether or not it would be worth my time, and all praised Biedermeier Furniture:

0 of 0 people found the following review helpful. Five StarsBy Phillipa GreenwoodBeautiful book, just what I was looking for0 of 0 people found the following review helpful. Good overviewBy Kevin PettyThis is a good overview of the History" of Biedermeier, including its historical context. The text includes many BW plates which are reasonable examples of Biedermeier styles.0 of 0 people found the following review helpful. Helpful Comprehensive Book on Biedermeier FurnitureBy L. M. KeeferThere aren't a lot of books on Biedermeier style so any quality book is welcome. This book provides a description of the style's origin. Following the origin information and other background information on designs, from pages 65-96 there are full-color photos of some of the most gorgeous furniture. As the wood is one of the distinguishing features of Biedermeier, this section is invaluable. Prices are given for the pieces featured.Following the full color photos of furniture pieces is a black and white gallery of furniture with

"values" and measurements for over 100 pages. The furniture is organized by type: writing cabinets, high chests of drawers, upright cabinets, wardrobes, secretaries, desks, sofas, benches, armchairs, occasional tables among others. This would be a very helpful book to antique dealers and Biedermeier style enthusiasts because of the abundance of photos to visually teach you about the style.

The beautiful laminated furniture of the nineteenth century is documented in this useful reference book with over 500 illustrated examples from seating to case piece styles. The book is arranged to be useful to furniture collectors with value ranges, restoration tips, and a thorough glossary of terms.
