**Charles Burns : Big Baby (Charles Burns Library)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Baby (Charles Burns Library):

I also have the single-issue color edition of "Curse of the Molemen" (one of the stories contained in this volume), which is cool, but this hardcover (black and white original art) is a great coffee-table book to put out when your weird friends visit. They should do a coloring-book edition of this for the demented man-children out there.0 of 0 people found the following review helpful. Very pleased with the condition of the copy I receivedBy CustomerVery pleased with the condition of the copy I received. The delivery time was also shorter than the expectation I got. Overall I was very pleased.0 of 0 people

found the following review helpful. So creepy, so coolBy Smitty "mudflap" WhiskersCharles Burns knows what's goin' on. I love his high contrast, terrifying imagery. He doesn't explain more to you than necessary, and just tells you some terrifying, awesome stories. Big Baby is a few stories, with one that kind of inspired Black Hole.

Second volume in a series reprinting all of Burns' work.

At once alluring and grotesque, Burns' imagery has been eagerly embraced by the counterculture, mainstream media, and a recalcitrant art world without ever compromising his strikingly singular aesthetic. The work of Charles Burns is a vision that's both horrifying and hilariously funny, and which he executes with cold, ruthless clarity... It's almost as if the artist... as if her weren't quite... human! --R. CrumbAbout the AuthorCharles Burns is the award-winning creator of the graphic novel, Black Hole. He lives in Philadelphia, PA.
