**Bill Horan :** **Bill Horan's Military Modelling Masterclass** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bill Horan's Military Modelling Masterclass:

5 of 5 people found the following review helpful. Fantastic, Simply FantasticBy B.I read this book over and over. Bill Horan sets a new standard for figure modeling and this book does a wonderful job of showcasing his work. The production qualities of the book are excellent. Most of these photos are incredible. There are many times when I study

the photos of Horan's figures, look at my own and say, "How does he do it?" Which leads me to my only disappointment with this book. While Horan describes his techniques fairly clearly, the descriptions are relatively brief and he discusses use of enamels only. His painting example is on a 100mm figure. I would love to see a similar section describing painting a 54mm figure as I am curious on how his techniques would vary. The captions are very good and one can learn much reading them and studying the figures. I also enjoyed Bill's description of his early days in the hobby. I hope that Bill decides to do another volume. I'll be the first to sign up for it. How about a DVD with a painting clinic too. 0 of 0 people found the following review helpful. Great collection of works, fabulous photographs. By chaosweb Really liked this volume for its fantastic photographs. Directed mostly towards FIGURE modeling, this work highlights excellent pieces from a wide range of modeling artists. Very nice discussion on composition and posing of figures, and the methods for reconstructing resin/plastic figures to fit your conception. 0 of 0 people found the following review helpful. Geat Book ! Great Price ! By Customer Book is great ! Searching for it for a long time! Glad you had it !

Book by Horan, Bill

From the Publisher Osprey Masterclass - acclaimed modellers from around the world reveal the secrets and expertise which have made them masters of their chosen fields. Achieve Gold Medal standard with Osprey Masterclass.
