A.J. Hamler : Birdhouses More: Easy-to-Build Houses Feeders for Birds, Bats, Butterflies and Other Backyard Creatures before purchasing it in order to gage whether or not it would be worth my time, and all praised Birdhouses More: Easy-to-Build Houses Feeders for Birds, Bats, Butterflies and Other Backyard Creatures:

0 of 0 people found the following review helpful. A bit disappointed!By TMcCUnfortunately, I thought there would be more of a variety of bird houses. A bit disappointed!0 of 0 people found the following review helpful. Five StarsBy Customervery good3 of 3 people found the following review helpful. Five StarsBy tom stainbrookVERY INFORMATIVE AND EASY TO UNDERSTAND

Make Your Yard a Home for Creatures Great and Small! Imagine filling your backyard with birds, bees, butterflies, chipmunks, deer, toads and more. That's all possible with the beautiful, yet practical, projects in this book. Birdhouses More offers easy-to-follow plans for 25 projects--from feeders, to houses, to birdbaths and beyond. You can make each one quickly with basic materials and a simple set of tools. And the actual construction steps are a breeze, thanks to the thorough instructions, clear photos of key steps and detailed cutting lists that make it easy to plan the materials you'll need. If you've dreamed of watching wildlife right outside your door, you need this book.

About the Author A.J. Hamler is the former editor of Woodshop News and was the founding editor of Woodcraft Magazine. He is the author of one other best-selling book on birdhouses and continues to write woodworking articles.
