I love the book and have already made the cardinal By Amy Eubank I love the book and have already made the cardinal. :) One thing to look out for...some of the darker colored instructions take a tad longer to read since it is harder to see some of the placements. Anyone experienced will be fine, but younger kids may struggle. 2 of 2 people found the following review helpful. Build Some Birds Today! By Concerned Reader This book is awesome. It give complete instructions for building 15 different birds. Bricks are not included. Sources for bricks are listed in the appendix. 0 of 0 people found the following review helpful. Neat! By Connie M Very cool book!

Let your creativity soar with 15 projects using interlocking bricks and to make birds from around the world. Interlocking bricks, such as LEGO(R), have fueled the imaginations of aspiring designers and builders for generations. In *Birds from Bricks*, horticulturist and LEGO enthusiast Thomas Poulsom guides you through re-creating nature's feathered-friends in stunning detail. Assemble your very own cardinal, macaw, penguin, and more! With detailed step-by-step instructions and full color photos of completed models, *Birds from Bricks* will let your creativity soar. Learn how to build 15 projects, featuring birds from around the world: North and South America, the Mid-Atlantic, Eurasia, Africa, the North Pacific, and Australia/New Zealand. Each set of instructions includes entertaining and educational information about the bird's characteristics and habitat. Poulsom's creative and charming designs surprise and delight lovers of birds, nature, and--of course--LEGO.

"This is a delightfully presented book which will particularly appeal to fans of the Ideas Birds set who want to build more in the same vein. The instructions are set out clearly and concisely..." - Huw Millington of Brickset.com
