Micheal Richmond : Blacksmithing for Dummies: Essentials Every Beginner Blacksmith Needs To Know: (Blacksmith, How To Blacksmith, How To Blacksmithing, Metal Work, Knife ... (Blacksmithing And Knifemaking)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Blacksmithing for Dummies: Essentials Every Beginner Blacksmith Needs To Know: (Blacksmith, How To Blacksmith, How To Blacksmithing, Metal Work, Knife ... (Blacksmithing And Knifemaking):

1 of 1 people found the following review helpful. Check around online first. By Customer This booklet is essentially a short web page converted to paperback, and when it says "dummies," it assumed you don't even know what a hammer is. Written with good intentions, I'm sure, this book will provide knowledge only to those who have only heard about blacksmithing, and have done no other research on the subject. 0 of 0 people found the following review helpful. Seriously? By Brittney Arrington This is a sorry excuse for a book. It is clearly articles printed from Google and Wikipedia it even has the online ads printed in its pages. Don't waste your money just go to youtube. 0 of 0 people found the following review helpful. Garbage By Customer This isn't a book. I doubt that the author even owns the content, which was ripped straight from webpages (complete with "click here for more") it was useless

Blacksmithing for Dummies: Essentials Every Beginner Blacksmith Needs To Know This book will be featured on Amazon. Book Description will show up on the Amazon Details page for the book and should briefly describe what this book is about. Please make sure that this description sounds intriguing and encourages people to buy the book. Description should be 200-300 words long and in addition to a few paragraphs of text should contain a list of covered topics in a form of bullet points.
