Chris Marks : Horrorgami: Creepy Creatures, Ghastly Ghouls, and Other Fiendish Paper Projects before purchasing it in order to gage whether or not it would be worth my time, and all praised Horrorgami: Creepy Creatures, Ghastly Ghouls, and Other Fiendish Paper Projects:

1 of 1 people found the following review helpful. I loved it!By LuanaI loved it!! I did scan the different papers and that way have originals for later use. My grandkids are Halloween kids and so is their grandmother (grin). I fixed center piece with different origami creepies and it was a hit! Highly recommend!1 of 1 people found the following review helpful. I love doing Origami and I am looking forward to doing ...By KariK82I love doing Origami and I am

looking forward to doing this with students in the library where I work. The book has great step by step guides.10 of 10 people found the following review helpful. Clever, cute shapes, but not for puristsBy C. BallThis has some very clever paper sculptures but pitching it as origami shapes is not accurate. Most of these involve paper sculpture from multiple pages, tearing and other deviations from actual origami. As I love Horror, I do enjoy this book, but was hoping for something a bit more true hardcore origami genius, this was not.

If you thought origami was just about making peaceful cranes, flowers, and sailboats, you're in for a wicked treat. Horrorgami is a new and dark way to look at the once gentle art of paper folding. Follow simple step-by-step instructions for creating 25 creepy creatures like evil witches, ghoulish goblins, sinister skulls, fearsome fangs, Frankenstein's Monster, and more. Also included is level of difficulty for each project, a glossary of fiendish folds and tips, paper-sourcing ideas, twelve 6x6-inch origami papers, how-to illustrations, and a fun full-color design throughout.

Crafty Princess Diaries blogI think this book would be a perfect rainy afternoon family activity, bringing the kids and adults together to craft.Crafty Confessions blogI had so much fun and my kids thought it was awesomeI would definitely recommend this book to anyone who loves creepy crafts!Knit and Nosh blogI never thought I would consider Freddy to be cute, but this guy makes it easy. The book has everything you need to knit up your own little horror show.
