From Leisure Arts : How To Arrange Florals If You Think You Can't: A Beginners Guide With Silks Drieds before purchasing it in order to gage whether or not it would be worth my time, and all praised How To Arrange Florals If You Think You Can't: A Beginners Guide With Silks Drieds:

0 of 0 people found the following review helpful. More info than most books I have foundBy ThistleThe information in the first of the book which talked about colors, designs, etc was very informative and was more thorough than most books I have found. That is why I give it 4 stars. The actual designs themselves are fairly horrendous, though.10 of 10 people found the following review helpful. A great book to add to your floral crafting collectionBy A CustomerThis is another wonderful floral craft publication from Leisure Arts. To avoid repetition I invite you to view my reviews of

"How to Arrange Dried Florals If You Think You Can't" and "How to Do Wreaths If You Think You Can't" as both of these books follow the same format as this one. The only reason I have not rated this book as well as the others is that I prefer the finished look that only high quality "silks" can achieve and not all projects in this book achieve this look. Still, there are nearly 90 projects for your review and the vast majority of them deserve credit.

A beginner's guide with silk's and dries.
