**Joann Zocchi : How to Take Perfect Scrapbook Pictures** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Take Perfect Scrapbook Pictures:

0 of 0 people found the following review helpful. Four StarsBy Customerlove this book11 of 11 people found the following review helpful. The ideal book for the amateur photographerBy Julie LovisaHOW TO TAKE SCRAPBOOK PICTURES doesn't assume that you have any knowledge of photography; it takes your hand and takes you step-by-step through the basic techniques you'll need to know in order to take your own one-of-a-kind scrapbook photos. It gives easy to follow instructions for using SLR and point and shoot cameras along with information on lighting, composition, and visual effects. There are numerous photographs on each page giving examples of the tips in action.Each page is broken down into separate headlined paragraphs highlighting different elements...this makes it easy to find what you're looking for and even easier to read and understand. Chapters include: camera basics; film digital media; pixel perfect, understanding the digital domain; creative camera controls simplified; working with light;

visual dynamics, giving your photographs impact; photographing people; and every picture tells a story. This is the book to get if you're looking to get a little more in depth, yet understandable and easy to put into practice, knowledge of how to use your camera to take more beautiful pictures.

It's a simple rule for getting great scrapbook pages: The better the photos, the better the page. With *How to Take Perfect Scrapbook Pictures*, readers will discover how to improve the quality of their pictures. This guide: Covers equipment essentials so scrapbookers can purchase the best supplies for the best pictures; Provides dozens of before and after photos so readers can see in meaningful ways the immediate effect of the correct techniques; Presents hands-on activities for scrapbookers to learn key lessons in order to build their photography skills; Portraiture, composition, lighting, and more are covered, allowing scrapbookers to capture just the right shot.
