From Brand: Shufunotomo : Ikebana Ichiyo School before purchasing it in order to gage whether or not it would be worth my time, and all praised Ikebana Ichiyo School:

0 of 0 people found the following review helpful. Four StarsBy Edward BaerRelatively good condition and was received as described.1 of 1 people found the following review helpful. Excellent Out-of-Print BookBy Gary R. StrobelI received this book 6 days after ordering. This out-of-print book was used very lightly and looks as good as any new book I normally receive through the mail. This book was personally autographed by the author with a japanese salutation to make it a more desired product. The book is excellent and it is a shame it is no longer in print. The photographs are all studio quality. It is an excellent book describing Ichiyo Ikebana.11 of 13 people found the following review helpful. Outstanding photography, descriptive text, updated designsBy rag@inet-1.comThis is a book showing the newest approaches to Ikebana without dwelling on the past. It gives you a chance to experience what the current direction is taking, bringing in ideas from around the world. It is a welcome addition to my extensive collection. Many books on Ikebana are rehashes of previously published book. This is all new and refreshing
