I simply put a piece of copy paper behind the page I was coloring, and it did not bleed through to the next page.Here are all the sayings in this book: (note, book pages are once sided only)No act of kindness no matter how small is ever wasted.I'm not afraid of storms for I'm learning to sail my ship.Be a rainbow in someone elses cloud.Be kind.It isn't what we say or think that defines us, but what we do.There is no place like home.Courage.Gratitude is the fairest blossom which springs from the soul.Praise the bridge that carried you over.A loving heart is the truest wisdom.Let it be.Hope is the thing with feathers that perches in the soul.It is never too late to be what you might have been.Hitch your wagon to a star.Create.Every artist was first an amateur.Know nothing can bring you peace but yourself.Choose to be happy.Live in the sunshine. Swim in the sea. Drink the wild air.Whether you think you can, or think you can't, you are right.Well done is better than well said.Imagination will take you everywhere.Be the change you wish to see in the world.Magic is believing in

yourself. If you can do that you can make anything happen. He who knows most knows how little he knows. Follow your heart. A thing of beauty is a joy forever. Simplicity is the ultimate sophistication. I will prepare and someday my chance will come. Hope. Into each life some rain must fall. If the wind will not serve, take to the oars. It's always darkest before the dawn. Dream big. No one can make you feel inferior without your consent. The future belongs to those who believe in the beauty of their dreams. It is not in the stars to hold our destiny but in ourselves. Take a chance. The unexamined life is not worth living. Wonder is the beginning of wisdom. Faith is the bird that feels the light and sings when the dawn is still dark. Faith. The butterfly counts not months but moments and has time enough. Go confidently in the direction of your dreams. Live the life you have imagined. Every great dream begins with a dreamer. Enjoy the journey. When I let go of what I am I become what I might be. The journey of a thousand miles begins with a single step. I dream by painting, and I paint my dream. Do something amazing. 2 of 2 people found the following review helpful. I really like this book it is just so uplifting right away. By Elizabeth This is my first doodle art alley book. I am a huge adult colorer, I have a lot of anxiety problems. I use coloring as a way to calm down when I panic or if I'm just worrying about something they take my mind off of my worries. I really like this book it is just so uplifting right away. I am a super positive person, this book just puts me in an awesome mood. This book is a fifty page so you have a wide variety to choose from. Some very detailed with small tedious places to color some have larger areas. You go from famous quotes to bible verses to just positivity. It only takes a few kind words to make you feel better. Or it does for me at least! Size wise the best way I can think to describe it is you have large books and you have small books and this one is the exact middle so I would say medium sized but everyone has a different opinion. The only thing I dislike about this book is you can't tear out the pages out. You can but there is no area to tear it out, but I cut mine out so that's okay. The pages are fairly thick which is a plus for me because I hate bleed through and I use everything. Colored pencils, gel pens, markers, permanent markers. You will have no problem with bleed through in this book. Also the back of the page is blank and that's what I personally prefer. I'm not going to lie I'm picky. I have a certain style when it comes to coloring and I really like this book. So I definitely recommend it to others. I can't wait to try the others from doodle art. Enjoy your coloring everyone! 0 of 0 people found the following review helpful. Love, Love, Love, Adore These Coloring Books! By Avvalynna Imagination Will Take You Everywhere: Coloring Book (Doodle Art Alley Books) (Volume 1) I love the adult coloring craze but I am not a fan of the intricate, detailed drawings. I love the illustrations with designs and quotations that either make you think or inspire. I searched through for inspirational coloring books with proverbs, quotations and poetry. Samantha Snyder did such a wonderful job with this series! I purchased 4 of them right of the start. This is volume one. There are pages with quotes from Shakespeare, Socrates, Abraham Lincoln, Lao Tzu, and more. I am currently on Weight Watchers and my favorite thing to do is to choose a page to share with my fellow members. I usually choose sayings that provide support in our journey to lose weight or help someone in a time of trouble. A few members have asked where I have gotten the pages and they now own their own copies of these coloring books. Happiness, inspiration is infectious! As for what to color with: I use prisma color markers, Sakura Gelly Rolls and Prisma color Pencils. If you use markers, they will bleed through so make sure you have something under the page. If you have the pencils, Prisma color sells a blender pencil which is awesome to use and I greatly recommend it! PS. You can basically finish these pages in a sitting or sitting and a half which is awesome! No need for marathon coloring. No daunting task!
