Gutter Margin : Inktangle - Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Inktangle - Coloring Book:

From the skillful hands of Fahima Aslam comes a magical series of meditative art to soothe your soul and relax your spirit. Set your inner artist free with Inktangle, the artistic form of practicing meditation through repetitive design. Whether you're completing a complex ink pattern or breathing colorful life into one, you'll find your mind engaged and your soul refreshed one color stroke at a time without having to worry about bleed-through: All 34 designs are printed on just one side of each book page! Some are consciously cut off, for this is an art book, not a German engineered textbook! ;) Inktangle Activity Book Coming Fall 2015.
