Several things inside are really lovely. I bought it intending to use it to scrapbook, but instead have made some cards and labels with it. I think it would be a great source for making ornaments for a Victorian themed tree.0 of 0 people found the following review helpful. Was somewhat disappointed when I rec'd this bookBy janWas somewhat disappointed when I rec'd this book, not because of the content, but it was advertised as having a CD with it to print out the pages I would like to use and save the originals, but there was no CD in the back of the book, it had been torn out. There was no papers with it so it could be returned.0 of 0 people found the following review helpful. ScrapbookerBy Sonya B. EasonHave enjoyed book
